

NEW CERTAINEED HYBRID
MONOGRAM[®] 46

THE NATURAL LOOK
OF PAINTED OR
STAINED CEDAR

Featuring .046" Super Heavy-Duty Gauge Thickness
and Contoured Insulated Backing

Additional strength and wind load performance further enhance Monogram's position as the leader in premium siding. The comprehensive system of value added features, including the industry's widest color offering, make Monogram the ultimate in beauty and performance.

- ◆ 41 low-gloss colors including dark hues and wood-tone blends.
- ◆ Three Classic Styles –
Double 4" Rough Cedar Clapboard
Double 5" Rough Cedar Clapboard
Double 5" Rough Cedar Dutchlap
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ Patented STUDfinder™ is designed for fast, accurate and secure installation.

RigidForm™ 220 Technology

This double thick .092" rolled-over nail hem design increases wind resistance and stiffens the panel. This design has been tested* to withstand wind load pressures up to 220 mph.

* Wind load rating per VSI wind speed calculation guidelines.

CertiLock™

The exclusive CertiLock locking system features self-aligning multiple bends that snap together with an audible "click" to ensure a secure fit and more consistent installation.

Custom Contoured Foam

Increases R-value and provides added strength and rigidity for a solid look and feel. Insulated vinyl siding resists impact up to 5 times better than traditional hollow vinyl siding.

Super Heavy-Duty .046" Thickness

Monogram panels feature a true .046" thickness for outstanding strength and durability.

3/4" Panel Projection

A 3/4" panel projection provides excellent rigidity for straighter-on-the-wall performance.
