“A Message From The President”

We sincerely appreciate the support of our loyal customers, friends, suppliers and manufacturers to remain a family business in this ever changing business environment.

2025 was a very challenging year with logistics and supply chain issues. The surge in storms and devastation during the past year has created disruptions in the St. Louis metro area.

We will continue to have some lead time issues for vinyl siding during 2026. Our goal is to provide our customers with quality products and competitive pricing as best that we can.

I assume that there will be some price increases during 2026. We want to thank you for your support and patience during this market condition and wish you all a prosperous 2026.

Sincerely,

Julius Krisanic
